

HSC BOOSTER MIND MAP PAD

WHY? By training your brain to recall your topic Mind Maps under exam conditions, your exam preparation and performance will be much stronger!

Step 1: Create your 'Master Copy' syllabus topic Mind Map (concentrate on writing the high level ideas and points rather than trying to fit a text book on one page).

Step 2: TRAINING TIME... Ready, Set, Go! Attempt to re-write your 'Master Copy' Mind Map on a new page, in the same pattern without referencing your master copy.

Step 3: Continue to re-write your Mind Map from memory until you can easily recall all of the content in the same pattern as quickly as you can.
